CC Docket No. 02-6 Request for Review

Nardin Elementary Academy
Billed Entity Number: 15469
Form 471 Application Number: 471131
Funding Request Number: 1297788

Our funding request was denied by the SLD because the equipment charges included on the bill we sent with our Item 21 attachment was over the 30% threshold for equipment.

We did not realize that this bill was an aberration when we used it. There was a purchase of one phone for \$154.30 on the bill for September 25 to October 24, 2004 and the monthly charge of \$338.02 for cellular service. This was the only piece of equipment purchased that year and we do not plan to buy more than one other telephone in the coming year.

Included in this appeal are copies of 4 other Nextel bills showing only the monthly charges for service with no additional charges for equipment in support of our argument that we are not requesting excessive equipment charges.

We would like to request funding for 12 months of cellular service at \$338.02 per month plus \$154.30 for one telephone. This is a total request of \$4210.54 for the provider indicated on our Form 471 Application – Nextel Partners (Acct # 929090084-031) with SPIN number 143019623.

Thank you for considering our appeal.

Sincerely,

Patricia Pietruszka
Technology Coordinator
